From Proponent:

To Respondent:

Dear Charles R. Norgle,

I come with many things to tell you. As previously stated, on December 25th, 2012, the Trustees of the One Peoples Public Trust ("OPPT") announced to the world the conclusion of a series of complex UCC filings which ordered the final foreclosures of all corporations, corporate-governments, and bank charters, and the repossession of their assets. Now, over 6 months later, the UCC rulings remain unrebutted, unrebuttable; and, more importantly, totally unacknowledged by the former governments they terminated.

It's a predictable response. But it is not acceptable, for two reasons.

Firstly, in a genuine democracy, silence is an inadequate answer of government to reasonable questions of its legitimacy. The role of a true democratic government is to serve its people with full accountability to its people. But as the new paradigm continues to unfold around the world, the former US corporate government remains silent, going about their "business" as though nothing has changed, "just another day at the Fed".

In essence, the organic Republic for these united states of America has been restored and the facade of democracy is over. Yet you are still claiming the rights and alleged authority of former government, but have openly disregarded your responsibilities as "public servant" to the "democracies" you claim to represent. And by doing so, you continue to obstruct my free will rights as a human BEing.

Secondly, members of a visible (former) illuminati-controlled governments were never "in charge" of the system, they were effectively "middle management". Although some may have been knowingly complicit, they are ultimately employees and not the beneficiaries of the former corporate government structure. Your continued public pretense to government status just demonstrates that the control and duress exerted on you via your corporate unseen "bosses" still continues today unabated.

Whether you were are a "ground level" slave or a "middle management" puppet to the former system matters not, we were all mistreated by the former structure. We all played our roles, some wittingly, others unwittingly. And a system that robs any BEing of their God-given right to a free, unencumbered and transparent existence is intolerable. And now it is universal, international law via the new organic landscape.

There remains noway for you to resolve your ever-deepening dilemma, as your corporate de facto world proceeds to crumble around you. I continually draw your attention to the new lawful economic/political reality that is starting to manifest before your very eyes. Truly, your only hope is to surrender via cease and desist. You should view this course of action as truly compassionate considering the distasteful atrocities you have perpetrated on the human race via the old system. If you spurn the offer of surrender, your deleterious activities marks you for a dark fate via lawful arrest and vengeful prosecution. The sudden flood of startling information via a series of truly astounding broadcasts will be so appalling to the mass public that it will successfully prevent any inclination to return to the old structure and allow the new one to be welcomed in. The power of the elite and the few will end and abundance, prosperity accompanied with TOTAL FREEDOM for every man, woman and child will wash over the entire planet. Your corporate de facto reality will be first shaken then further reduced to rubble, to be changed forever in the "twinkle of an eye".

So for your own edification, with absolute love, the absolute data is at www.oppt-in.com for you to go and review the data. Dissect the UCC rulings, see what resonates from within and see what other data points there are to verify what Is, because Absolute Truth verifies and vets, the same from every point on the sphere of absolute truth. Now is the Moment for the world to have everything visible, and to enjoy it consciously.

Today, I continued my discussion of what is unfolding around us all, a divine dispensation being granted en masse. It is to leave you spell bound, lost in disarray and totally unaware of your predicament.

Know this Charles R. Norgle, that the countless fraud and never-ending crimes against humanity are indeed yours. So be it.

So in an attempt to bridge the gap of silence, I present you today with my invoice. I thank you in advance that this is so, and it is.
